

Political Poem

Nick Jim

There's an over-used word that I hear.
Honestly, it's quite unpleasant to the ear.
This category, you might not think it'd fit.
But yeah, it's the word "sh*t."
Someone drops something the ground, "Oh sh*t."
You miss a train on the way to school, "Oh sh*t."
You forget to bring something, "Oh sh*t."
To me these situations are quite acceptable.
But others, seriously, aren't understandable.
"Yeah man, that movie's some awesome sh*t".
"The food there is awesome sh*t."
The usage of the word is starting to become quite irritating.
Honestly I don't find that word that amusing
Although I wouldn't be a hypocrite and say that I don't do that.
That would be like weighing 200 pounds and still calling someone fat.
The word "sh*t" really doesn't sound THAT pro.
But who cares, "Cool story bro."
